1.0 WHAT IS THE STATEMENT OF COMMUNITY INVOLVEMENT?

Purpose

1.1 The purpose of this Statement of Community Involvement (SCI) is to set out how we shall engage with the community and key stakeholders in the delivery of planning functions. The Council's planning powers include:

- preparation of a Local Development Plan (LDP) which shall set out what the Council area should look like and how land should be used and developed in the future;
- receiving and making decisions on the majority of planning applications for the Borough; and
- investigation of alleged breaches of planning control and determining what enforcement action should be taken.

1.2 It describes who, how and when the community will be invited to participate in the different stages of both LDP formulation and the determination of planning applications, in planning enforcement and other planning matters.

Participation

Our Vision of Participation

1.3 The Council's vision as set out in its Corporate Plan is:

“that Ards and North Down will be a place to be proud of which is more prosperous, vibrant, healthy, sustainable and where people enjoy an excellent quality of life.”

1.4 This is a shared vision of participation in decision making and it is therefore aimed to ensure that:

- (i) everyone has an early and informed opportunity to express their view on the development of the area and have it considered before decisions are made;
- (ii) all groups in our community, regardless of religious belief, political opinion, racial group, age, sex, marital status, physical ability, sexual orientation, and those with and without dependants are enabled and empowered to participate.

1.5 It is intended to adopt a proactive and timely approach to community involvement through a process of providing clear information and encouraging participation during plan preparation and planning application submission, assessment and determination. The process must, therefore, be informative, user friendly, as inclusive as possible, and conducted in an open and transparent way. Every effort is to be made to engage the community, record views and provide feedback.

- 1.6 Community planning is a further new power that will have a significant impact upon how we engage with our residents and empower them to help us make decisions for the new Borough.
- 1.7 Councils have a statutory responsibility to participate and lead in community planning. The Local Government (Northern Ireland) Act 2014 and the Planning Act (Northern Ireland) 2011 link the community planning and development plan processes suggesting that the LDP should be ‘the spatial reflection of the community plan’. The Local Government Act defines community planning as ‘a process whereby Councils, statutory bodies and communities work together to develop and implement a shared vision for promoting the wellbeing in an area.’ When considering well-being community plans should include the social, economic and environmental factors which can impact on communities and citizens.
- 1.8 Every effort will be made to establish linkages between the community planning and local development planning processes, especially in relation to community engagement.

2.0 LOCAL COMMUNITY INVOLVEMENT IN THE PREPARATION OF THE LOCAL DEVELOPMENT PLAN

Purpose

- 2.1 The purpose of the Ards and North Down Borough Council LDP, is to inform the general public, statutory authorities, developers and other interested bodies of the policy framework and land use proposals that will implement the strategic objectives of the Regional Development Strategy (RDS); take account of the Council’s Community Plan; and guide development decisions within the Borough up to 2030.
- 2.2 The LDP will comprise 2 separate documents. The first document is called the Plan Strategy (PS) and will set out the Council’s vision and strategic objectives and strategic policies for the future development of the area with a spatial strategy that indicates in broad strategic terms the locations where different types of development will be promoted. This will be followed by a Local Policies Plan (LPP) which will include the site-specific proposals, policy designations and land-use zonings that will be required to deliver our vision, objectives, spatial strategy and strategic policies of the Plan Strategy. Once adopted, the LDP will replace the current development plans for the borough and operational planning policies produced by the Department of the Environment.
- 2.3 Prior to the preparation of these two plan documents, we will identify key planning issues and define a range of options for addressing these issues which will inform the publication of a Preferred Options Paper (POP).

- 2.4** To ensure that the policies and proposals in the LDP are socially, economically and environmentally sustainable, we will undertake a Sustainability Appraisal (SA) which will run parallel to the preparation of the POP, Plan Strategy and Local Policies Plan.

Who can get involved?

- 2.5** Anyone who wishes to get involved in the preparation of this LDP will be encouraged to do so at the opportunities provided. In particular the views of the following groups of people are welcomed:

- people living within the Borough;
- voluntary groups;
- community forums / groups / umbrella organisations;
- environmental groups;
- residents groups;
- business interests; developers / landowners/Investors; and
- elected representatives.

- 2.6** Elected Members, forums, community and residents groups provide a voice for the local community. Other voluntary and interest groups also bring a special knowledge and can ensure that important concerns are addressed.

Empowering disadvantaged and under-represented groups

- 2.7** Section 75 of the Northern Ireland Act 1998 requires a public authority, in carrying out its functions relating to Northern Ireland, to have due regard to the need to promote equality of opportunity between:

- persons of different religious belief, political opinion, racial group, age, marital status or sexual orientation;
- men and women generally;
- persons with a disability and persons without; and
- persons with dependants and persons without.

- 2.8** In addition, without prejudice to the above obligations, public authorities are required to have regard to the desirability of promoting good relations between persons of different religious belief, political opinion or race. The above Section 75 groups are important participants within the planning process and include people who traditionally have been under-represented or disadvantaged. These groups will be targeted through the consultation process on the LDP in order to obtain their views and contribute to the consideration of equality issues under Section 75. Their views on any equality screening documents or Equality Impact Assessments will also be sought within the specified period for comment along with the draft PS and draft LPP.

- 2.9** To ensure that the LDP and consultation documents are accessible to everyone they will be made available online on the Council's website

www.ardsandnorthdown.gov.uk and upon request in different formats. The Council will take all reasonable steps to provide documents in the requested alternative formats. Plain English is to be used for all publications. A telephone number will be stated on each document. If for any reason, a request for a document in a particular alternative format cannot be met, other possible solutions will be explored.

How and when will the community be involved?

- 2.10** The local development plan process involves a number of key stages, each presenting opportunities for community involvement. Each of these stages is identified with details of how community and stakeholders can get involved. The actions will fulfil, and in some cases exceed, the statutory requirements on public consultation. Once published, the LDP Timetable will outline an indicative timeframe for each of the stages, including production of Plan Strategy and the Local Policies Plan. The timetable (when agreed) will be available to view at the Council's Planning office and published on the Council's website at www.ardsandnorthdown.gov.uk
- 2.11** Notification shall be placed in the press regarding the availability of the timetable (paragraph 2.10 above). The current newspapers available to the Council for advertisement of the LDP Process are the Newtownards Chronicle and the Bangor Spectator.
- 2.12** The Council's methods of engagement of the local community in the LDP process are set out below.

Initial Plan Preparation and Data Collection

- 2.13** Surveying and information gathering will be an ongoing function of the Council, however, it will be particularly important at this early stage of plan preparation. Information obtained at this stage will be used to establish the social, economic and environmental characteristics of the plan area which shall enable the Council to determine the issues which need to be addressed and the options for addressing them. The initial findings from the evidence base will help inform the preparation of the (POP). The POP will also be accompanied by Scoping Reports for the Sustainability Appraisal (SA), including Strategic Environmental Assessment (SEA) and the draft Equality Impact Assessment (EQIA).

What we will do

- 2.14** During this stage the Council will:
- Set up a **Steering Group** / high level coordinating body that will ensure an overview and strategic input to the plan process.

- Set up a **Project Management Team** comprising Senior Officers from the Council and the Principal Planning Officer. The team will invite representatives from the key statutory/government departments and adjoining councils where appropriate. The purpose of the team is to ensure key consultees co-operate in the plan making process. The Project Management team will be consulted on and act as the screening and scoping group for the SA, incorporating SEA, and EQIA.
- Engage with key consultees who will receive written invitation requesting them to participate in the plan making process by providing information on the key strategic issues that the Local Development Plan should address;
- Engage with underrepresented (Section 75) groups who will be invited to identify whether there are any types of planning policies which are likely to have a significant impact on the groups they represent. They will also be provided opportunity to identify any particular issues or needs which they feel the plan should address. Where requested this can be done through a face to face meeting with a planning official. Any comments received will be taken into account when screening and scoping the Equality Impact Assessment;
- Consult with statutory consultation bodies on the Scoping Report of the SA incorporating SEA;
- Issue a Public Notice to confirm:
 - (i) the commencement of work on the Council's new Local Development Plan;
 - (ii) publication of the timetable; and
 - (iii) how to view or obtain copies of the timetable.

2.15 The Public notice will be placed on the Council's website www.ardsandnorthdown.gov.uk and appear in the local newspapers (referred to at para 2.11 above) for 2 consecutive weeks.

2.16 Consult with neighbouring Councils if there are matters which require survey work or information from those neighbouring districts in order to ascertain potential cross boundary impacts.

Publication of the Preferred Options Paper (POP)

2.17 The Council's Preferred Options Paper (POP) will set out the key plan issues and the preferred options available to address them. The POP is a consultation paper to promote debate on issues of strategic significance which are likely to influence the shape of future development within the Borough. The intention is to stimulate a wide-ranging, yet focused, debate and encourage feedback from a wide variety of interests. Any representations or views received as a consequence of its publication will be considered whilst formulating the draft Plan Strategy.

- 2.18** The POP is also subject to the initial stages of Sustainability Appraisal (SA), including Strategic Environmental Appraisal (SEA), and Equality Impact Assessment (EIA). The SA is a continual process which runs parallel with the preparation of the POP and the LDP. A SA interim report, (consisting of SA Scoping Report and assessment of alternatives) will accompany the POP.

What we will do

2.19 During this stage the Council will:

- **Hold launch event** and issue a press release highlighting publication of our preferred options;
- **Make available** on the Council's website and at the Council Office the POP and other supporting documentation including SA Scoping Report and Equality Impact Assessment and provide hard copies upon request at a specified price;
- Hold public engagement **events and exhibitions** with drop-in sessions at locations throughout the Borough where our Planning Officers will be available to answer questions;
- **Write to** all Key Consultees and Elected Members providing them with a copy of the POP and relevant supporting documentation ; invite them to attend the launch; request that they provide comments within the specified consultation period; and inform them of the public engagement events, exhibitions and drop-in sessions;
- Contact local community groups and under-represented (Section 75) groups advising them how to obtain a copy of the POP and inviting them to comment within the specified consultation period, attend the public engagement events, exhibitions, and drop-in sessions, and offering the opportunity of a meeting with planning officers to record their views;
- Issue a Public Notice to confirm:
 - (i) Publication of the POP and invite comment within the specified consultation period (a period of not less than 8 weeks or more than 12 weeks);
 - (ii) Details of public engagement events, exhibitions and drop-in information sessions during the consultation period; and
 - (iii) Publication of the Screening and Scoping Papers for the SA (incorporating SEA) and Equality Impact Assessments and invite comments;

This public notice will be placed on our website and appear in the local press for two consecutive weeks. A notice will also be placed in the Belfast Gazette.

- Make the evidence base available on the Council's website and make hard copies available on request at a specified price;

- Present a Public Consultation Report to Elected Members following the end of the consultation period. This will contain a summary of representations and Planning Officers' comment. A written record will be taken of where Elected Members take differing views to that recommended in the report, along with the rationale for that view. This will be taken into account whilst formulating the Draft PS; and
- Provide the opportunity to the Project Management Team to comment on emerging policy for inclusion in the Draft PS. The participation of this team will also form an integral part of testing emerging policy through the Sustainability Appraisal.

Preparation and publication of the Plan Strategy

2.20 This stage of the LDP process consists of the preparation and publication of the draft Plan Strategy (PS). The PS provides the strategic policy framework for the district and will establish a vision for the council area alongside objectives and strategic policies to achieve the vision. It provides the framework for the later development of the Local Policies Plan.

Submission of Plan Strategy to Department for Infrastructure

2.24 The Council will not submit the PS and associated documentation to the DFI unless it considers that it is ready for IE. The purpose of the IE is to determine whether the PS is sound, taking into account representations and counter representations. The body appointed by the DFI must consider all representations and counter representations before it makes recommendations, giving reasons¹.

What we will do:

¹ Under section 10(7) of the 2011 Act, "Any person who makes representations seeking to change a development plan document must (if that person so requests) be given the opportunity to appear before and be heard by the person carrying out the examination." DFI Development Plan Practice note 9 Version 2 indicates that '*This 'right' to appear and be heard applies to a person who has made a representation seeking to change a development plan document, but does not apply to a person who has made a counter representation. However an independent examiner may invite anyone to appear before and be heard at the examination if the examiner thinks that person's oral evidence is likely to materially assist in determining the soundness and sustainability of the development plan document*'. The Independent Examiner appointed by DFI makes arrangements for the procedure of the IE including invitations to appear.

The Council will engage with the public on any formal review of the LDP. The Council shall review its local development plan no later than 5 years from the date that the local policies plan was first adopted or approved. The Council will also send a findings report to the Department for Infrastructure of the review.

3.0 LOCAL COMMUNITY INVOLVEMENT IN THE COUNCIL’S DEVELOPMENT MANAGEMENT PROCESS

The Council’s Development Management function

- 3.1** The Council as the local planning authority for the area is responsible for making decisions on planning applications in the borough. It also deals with applications for listed building works, works in conservation areas, works to protected trees and advertising consent. Development Management is the process through which such applications are considered. An important part of the process is to provide information and advice to applicants and to seek and take into account the views of the general public and statutory consultees on all planning applications. The statutory requirements for consultation on planning applications are set out in legislation. These requirements vary according to the type of proposal but include notification to specified bodies and general publicity. (some minor exceptions exist – e.g.; processing of regionally significant planning applications submitted under Section 26 of the Planning (NI) Act 2011, call in procedures Section 29 of the Act)

and Section 88 which permits DfI to issue directions to call in Listed Building Consent applications.)

- 3.2** The Council receives a wide variety of planning applications and therefore needs to involve the community to differing degrees, according to the scale and complexity of the application.
- 3.3** All planning applications are categorised on receipt as local, major or regionally significant. The Council is responsible for the determination of the majority of local and major applications.
- 3.4** Regionally significant developments are those which are considered to have a critical contribution to make with regard to economic and social success of Northern Ireland as a whole or to a substantial part of the Region. Such proposals also include developments which have significant effects beyond Northern Ireland or involve a substantial departure from the LDP.
- 3.5** Regionally significant applications are currently dealt with by DfI and applicants will be required to enter into consultation with them. In certain circumstances the DfI may determine that a proposal is not of significance and advise that a local Council should determine the planning application.
- 3.6** Major developments have important economic, social and environmental implications for the Council. Due to the potential for these proposals to deliver important benefits to the community, major applications are prioritised to avoid any undue delay.

Examples include:

- A housing development involving the construction of 50 units or more or where the
 - area of the site is or exceeds 2 hectares.
 - A retail development involving 1,000sqm or more of gross retail floorspace outside town centre, or where the area of the site is or exceeds 1 hectare; and
 - A wind or solar farm (or other types of electricity generating stations) where its capacity is or exceeds 5 megawatts.
- 3.7** This section of our Statement of Community Involvement looks at:
 - how the public can become involved at the various stages of the application process; and
 - how the level of community involvement will depend on the scale of the application.

Pre-Application Stage

Pre-Application Discussions (PADs)

3.8 Pre-application discussions are encouraged prior to the submission for a range of types of applications, mainly major but also some local. The objective of pre-application discussions should be to confirm whether the principle of development is acceptable and to clarify the format, type and level of detail required to enable the Council to determine an application. For major applications it will also enable the applicant to discuss with the Council details of how the community should be involved in the decision-making process.

Pre-Application Community Consultation (PACC)

3.9 The Council strives to inform and involve the wider community in helping to create better quality developments and place-making. Applicants submitting major applications to the Council must undertake community consultation before submitting their application. The Council will require the following actions to be undertaken before the application is submitted:

- Notify the Council, at least 12 weeks in advance, that an application for a major planning application is to be submitted;
- Hold at least one public event where the community will be afforded the opportunity to make comment;
- Publish details of the proposal in the local press, outlining where further details can be obtained and the date, time and location of a public event; and
- Submit a pre-application community consultation report.

3.10 Pre-application consultation is likely to be more successful if the applicant makes significant efforts to open lines of communication with, and provide feedback to, local communities and work with them to secure development proposals which are acceptable to everyone.

3.11 As previously stated, the Council would recommend all applicants considering submitting development proposals that fall within the definition of major development to seek a Pre-Application Discussion with planning officers. Where applicants fail to fully meet the pre-application community consultation requirements the Council will decline to determine the application.

Planning Application Stage

3.12 When a planning application is submitted for determination the Council will involve the community in the decision-making process. If you feel you will be affected by development proposals you will have an opportunity to consider what is proposed and how it will affect you. You will also have the opportunity to make your views known before a final decision is made on the application. Details of how to

comment on a planning application is available on the Council's website www.ardsandnorthdown.gov.uk.

Advertising and Neighbour Notification

- 3.13** The Council undertakes statutory publicity in accordance with current legislation. Government may change the statutory publicity requirements and our future approach will reflect any changes that are made. (The Council undertakes enhanced neighbour notification in relation to proposals for single turbines see paragraph 3.20 below).

Advertising

- 3.14** The Council will advertise all new applications (with the exception of Certificates of Lawfulness and Non material Changes) on a weekly basis in the local newspapers (in accordance with **Section 41 of the Planning Act**). The advertising list is also available to view on the Council's website www.ardsandnorthdown.gov.uk.

Environmental Impact Assessment Development

- 3.15** Environmental Impact Assessment (EIA) is a method for ensuring that the likely effects of new development on the environment are fully understood and taken into account before consent is given for the development to proceed. The Environmental Statement (ES) produced as part of an environmental impact assessment, brings together in a single document or series of documents information about a proposed development and its effects on the environment.
- 3.16** In most cases it will fall to the Council to determine if the application is an EIA application. It should be noted that if an application is an EIA application it cannot be processed until the ES is received. When a developer submits an ES in support of a planning application, the Council will publish a notice of its receipt in local newspapers and indicate where it may be purchased and the address of the Council Office where it may be inspected. The Council will also allow 4 weeks from the date the notice is first published for representations to be made.

Neighbour Notification

- 3.17** Current legislation states that "any identified occupier of neighbouring land" must be notified of development proposals.
- 3.18** "Neighbouring land" is defined as 'land which directly adjoins the application site, or which would adjoin it but for an entry or road less than 20m in width'. "Identified

occupier” is defined as the ‘occupier of premises within a 90 metre radius of the boundary of the proposed application site’.

- 3.19** Under the Council’s Neighbour Notification Scheme, the Council will ensure that planning applications are brought to the individual attention of those specified within the legislation. In addition, the Case Officer when carrying out a site inspection will also check the accuracy of the neighbour notification details supplied on the application form and may add details as considered appropriate.
- 3.20** **The Council has provided greater discretion to Planning Officers within Ards and North Down Borough Council to allow for notification of additional properties beyond the parameters of the statutory scheme for those proposals in relation to single wind turbines in** “That occupiers of premises within a ten times rotor diameter of wind turbine applications be neighbour notified”.
- 3.21** The period for responding following receipt of a neighbour notification letter is 14 days, as legislation restricts the Council from making a determination on an application until the 14 day period has expired, although any late representations received before a decision is made will still be considered.
- 3.22** Neighbour notification does not take place for Non material change applications nor for Certificates of lawfulness

Obtaining further information and getting involved in planning applications

- 3.23** Planning applications including supporting documents and corresponding plans can be viewed online on the Northern Ireland Planning Portal www.planningni.gov.uk as well at the Council offices in Newtownards during normal office hours. Planning Officers are available to give advice on current or proposed applications. (Telephone 0300 013 3333)

Public Register

- 3.24** The Council will make the application, plans and any associated environmental statement available on a public register in accordance with **Section 242 of the Planning Act**. Each register will contain the following information:
- a copy (which may be photographic) of each application together with copies of plans and drawings submitted in relation thereto;
 - the decision notice, if any, in respect of the application, including details of any conditions subject to which permission or consent was granted;
 - the reference number, the date and effect of any decision of the PAC in respect of the application; and

- brief details of any revocation or modification relating to any permission or consent, including date of issue.

File Inspection

- 3.25** The Council will make the application file available for inspection, by appointment. The amount of information on the file, will of course, be dependent on the stages the application has completed.

Submitting Comments

- 3.26** Individuals, groups and organisations can comment on a planning application even if they have not been neighbour notified by the Council. All comments will be carefully considered. Care should be taken when making comments to the Council to ensure that no personal data is included. The Council has published guidance '[Commenting on a Planning Application](#)' which is available on the Council website.

- 3.27** When a decision is made on a planning application only certain issues are taken into account, these are often referred to as 'material planning considerations'. Material considerations must be genuine planning considerations. The basic question is not whether owners and occupiers of neighbouring properties would experience financial or other loss from a particular development, but whether the proposal would unacceptably affect amenities and the existing use of land and buildings that ought to be protected in the public interest. Generally greater weight is attached to issues which are supported by evidence rather than solely by assertion. If an identified problem can be dealt with by means of a suitable condition the Council is required to consider this as an alternative to refusing an application.

- 3.28** You can make comments in a variety of ways, by quoting the application number, as follows:

Online at: <http://www.epicpublic.planningni.gov.uk>

By email: planning@ardsandnorthdown.gov.uk

By post to:

Ards and North Down Borough Council

Planning Department

2 Church Street,

Newtownards, BT23 4AP

- 3.29** All written comments on an application will be acknowledged within five working days, however the Council may be unable to respond to each comment made due to the large number it receives. All comments will be summarised and fully considered

within the Planning Officer's report. The acknowledgement letter will set out who is dealing with the application and who to contact if there are any questions. The Council will not normally contact the respondent again until after a decision is made unless the application is significantly altered or is withdrawn.

- 3.30** The Council may, if it considers it appropriate to do so, stage public exhibitions, issue press releases or arrange public meetings to provide information about major developments or proposals which are particularly significant or have wide-spread effects on communities.
- 3.31** You may also wish to contact your local Councillor, who has the ability to request that the application is determined by the Planning Committee (this procedure is referred to in the Council's Scheme of Delegation). Oral, anonymous or defamatory comments cannot be taken into account. You should ensure that your comments relate to relevant planning matters.
- 3.32** The Council will consult with a range of Statutory Consultees (see Appendix 2) to assist in the determination of an application. If a representation raises issues that are relevant to the responsibilities of the consultee (e.g. road safety) the representation will be copied to the appropriate consultee for consideration and comment. The Council will carefully take any comments made into account before a decision is made. All comments are scanned and added to the NI Planning Portal once email addresses and hand written signatures have been removed (it should be noted that typed names and addresses remain visible).
- 3.33** The Council may negotiate changes to applications with the applicant/developer where these are expedient.

Community Involvement at the Planning Committee Stage

- 3.34** Planning applications are usually determined by the Head of Planning using delegated powers. The circumstances under which an application can, or cannot, be determined using delegated powers are set out in the Council's Scheme of Delegation available online at <https://www.ardsandnorthdown.gov.uk/downloads/Protocol-January-2019.pdf> which is subject to regular review.

Pre-determination hearings and speaking at the Planning Committee

- 3.35** For those major applications that have been notified to the Department but have been returned to the Council for determination the Council will afford the applicant the opportunity of appearing before and being heard by the Planning Committee.
- 3.36** If an application goes before the Planning Committee, the Council will also offer the public the opportunity to speak and make direct representation to Elected Members.

Requests to speak must be made in writing, which includes emails, and include a valid planning reason.

- 3.37** Requests to speak (including those from Elected Members, MLAs or MPs) should be received by the Council's Planning Department (in writing or by email) at least 5 working days prior to the scheduled Planning Committee meeting.
- 3.38** The Council has a guide to getting involved at planning committee meetings – this is available online at:
<http://www.ardsandnorthdown.gov.uk/downloads/getting-involved-in-planning-committee-meetings-2015.pdf>

Community Involvement after a Planning Application has been determined (Post Application Stage)

- 3.39** A notification of decision letter is sent to the applicant/agent and all people who have responded to the consultation on the planning application, informing them of the decision and the reason for that decision. The decision is recorded on the Council's website and in the statutory Planning Register. If it is a case that has been considered by the Planning Committee, it can be found either by contacting the Development Management team the day after the Committee meeting, or by viewing the minutes of the meeting which will be published on the Council website once ratified by full Council.

Involving the Community When an Appeal is made against a Planning Refusal/Granted Conditions/Enforcement Notice

- 3.40** In Northern Ireland there are no third party rights of appeal. Where an applicant is unhappy with the Council's decision on an application or a condition attached to a permission, he/she may appeal to the Planning Appeals Commission (PAC). An applicant may also appeal to the PAC where the Council has not determined an application within the relevant period prescribed by the Planning (General Development Procedure) Order (NI) 2015, where such an appeal is lodged, the application is deemed to have been refused. Appeals must be lodged with the PAC within four months from the date of notification of the Council's decision, or expiry of the prescribed period as the case may be. Only applicants and those upon whom Enforcement notices have been served have the right of appeal.
- 3.41** All those people who responded on the original planning application that is the subject of appeal will be advised by the Planning Appeals Commission that an appeal has been received, and provided with an opportunity to make their views known. Copies of letters already submitted will be forwarded to the PAC. For hearings and public inquiries, the interested parties have the opportunity to make their views known verbally to the PAC.

4.0 COMMUNITY INVOLVEMENT IN PLANNING ENFORCEMENT

4.1 The Council encourages the community to report cases where they believe there has been a breach of planning control; however the Council will not investigate anonymous complaints. A breach of planning control occurs when development or other certain activities take place without the necessary planning permission or consent from the Council or the Department. This may also include failure to carry out development in accordance with the approved plans or conditions. Suspected breaches of planning control can be reported in the following ways:

By email: www.planning@ardsanddown.gov.uk

By post: Planning Enforcement Section
Ards and North Down Borough Council
2 Church Street, Newtownards

By telephone: (Main Planning Council Line) 0300 013 3333
(Main switch at Council Office – Church Street) 028 9182 4000

4.2 You can also call in to our Planning Office Reception, at the address above, to make a complaint or speak to a member of planning staff on any related matters.

4.3 All planning enforcement-related complaints are treated confidentially, although if the case results in court proceedings being undertaken it may be necessary to include your details, but we will ask for permission. If the complaint results in a planning application being submitted, then the application will be publicised and adjoining neighbours will be notified in the normal manner.

4.4 Complainants are informed of the outcome of an enforcement complaint, in writing, when the case is concluded. Many complaints relate to works that do not require planning permission, such as minor extensions or alterations to a dwelling allowable under Permitted Development legislation.

4.5 Our priorities for enforcement action are contained in the Council's Enforcement Strategy available for view online from the Council's website at <https://www.ardsandnorthdown.gov.uk/downloads/council-scheme-delegation-13-september-2018.pdf> (subject to regular review).

5.0 COMMUNITY INVOLVEMENT IN SUPPLEMENTARY PLANNING GUIDANCE

5.1 The Council will also prepare non-statutory planning guidance to support its local development plan. Supplementary planning guidance (SPG) includes, for example, design guides and advice notes. Consultation on SPG will be carried out in a proportionate manner where the Council considers it would be beneficial to seek the views of stakeholders and the general public. Comments received on a consultation draft shall be presented to the Planning Committee for consideration and will be published on the Council website. There will, however, be no opportunity for formal

objection to this type of document as SPG are not subject to the Independent Examination process. A final version of any SPG shall be published on the Council's website and may be a material planning consideration in the determination of any planning application or appeal.

6.0 COMMUNITY INVOLVEMENT IN CONSERVATION AREA DESIGNATION

6.1 A Conservation Area is an area of special architectural or historic interest, the character of which it is desirable to preserve and enhance. The Council considers that consultation with, and the involvement of local people is important when undertaking work associated with Conservation Areas. This will help encourage greater ownership of the concept and greater co-operation and commitment to achieving the aims of the designation.

6.2 The Council will involve the community in the designation, variation or cancellation of a Conservation Area (as designated by the Council under Section 104 of the Planning Act (Northern Ireland) 2011). As part of such work, we will formally consult with the Historic Buildings Council, the Department for Infrastructure, Department for Communities, any water or sewerage undertaker, as well as any other bodies or persons deemed to have an interest or that could be affected. We will advertise details of proposals in the local press and hold public engagement events to present and discuss them. For any new designations, the Council will publish a public notice in the local press and hold a public launch / exhibition. The cancellation of a conservation area (as designated by the Council under Section 104 of the Planning Act (Northern Ireland 2011), or part thereof, will similarly be confirmed by public notice in the local press and all properties within the affected area will be notified in writing.

7.0 COMMUNITY INVOLVEMENT IN THE DESIGNATION OF A SIMPLIFIED PLANNING ZONE

7.1 A Simplified Planning Zone (SPZ) is an area in respect of which a simplified planning zone scheme is in force. It shall consist of a map and a written statement, and specify the development or classes of development permitted by the scheme. Where the Council proposes to commence work on an SPZ, it will undertake consultations with the neighbouring Council, the land owner and occupier, the Department for Communities and will notify the Department for Infrastructure.

7.2 Once details of a scheme have been prepared the Council will make copies available for inspection at the Council's Planning Office, give notice by way of an advertisement in the local press and on the Council's website, and will serve a notice on those it has consulted with.

7.3 Following advertising of the details of the proposed (SPZ) there will be an eight week period when representations can be made to the Council. If the Council

subsequently decides not to proceed with the proposed (SPZ) it will publish a further advertisement to that effect and will notify all those who have made representations.

- 7.4** The Council may cause an independent examination to be held to consider the representations received. Where it is proposed to hold an independent examination details including the time and place of the examination will be published in the local press. Where it is decided not to hold an independent examination the Council will notify all those who have made representations.
- 7.5** Following any independent examination the Council will produce a report and statement detailing its decision and outlining reasons for its decision. Notice of publication will be advertised in the local press and the report and statement will be available for public inspection in the Council offices.
- 7.6** Notice of intention to adopt a SPZ scheme will be advertised in the local press and all those who make a representation with respect to the proposals shall be served notice, as well as any other persons deemed appropriate. Any material modifications made to the scheme after considering representations shall be made available for inspection by interested parties. We shall make clear what the modifications are and our reasons behind them. Details of the modified proposals will be advertised in the local press and notice shall be served on those affected by the proposals as well as those who had made previous representations. All representations will be considered before finalising our proposals.
- 7.7** The processes of advertisement and notification will be repeated at final adoption stage, following which the relevant scheme details will be made available for public inspection in the Council's Planning Office and any other suitable locations close to the SPZ site.

8.0 REVIEW OF THE STATEMENT OF COMMUNITY INVOLVEMENT

- 8.1** The Statement of Community Involvement will be reviewed as necessary to ensure that it remains current and fit for purpose. Any significant changes in legislation, procedure or best practice guidance may necessitate such a review. A report of the review will be presented to Elected Members recommending whether any changes are required. A copy of the report will be made available on the Council's website to view along with future amended versions of the SCI.

Appendix 3 – Development Management Consultation Process

Planning Officers frequently need to obtain specialist advice to enable them to consider the potential impacts of a development proposal before determining a planning application. This is referred to as the consultation process. Consultation with statutory and non-statutory bodies should be carried out only when necessary to inform a planning decision.

Where the Council undertakes consultations on a planning application, the statutory consultee will be required to respond within 21 calendar days, or any other date as agreed in writing, after which the Council may determine the application whether or not a response has been received. In the case of applications which are subject to an Environmental Impact Assessment (EIA) the Council will not make a determination until 28 days have passed.

Statutory consultees are those government bodies or other organisations with whom the Council must liaise, dependent upon the nature of the application. Schedule 3 of the Planning (General Development Procedure) Order (Northern Ireland) 2015 defines the statutory consultees and outlines the various circumstances where consultation must be carried out. These specific criteria/thresholds for consultation should be referred to. The 'Statutory Consultees' are listed in **bold** below – (updated to reflect the revised government departments), along with main contact bodies:

Department for Communities

Department for Infrastructure;

The Health and Safety Executive for Northern Ireland (HSENI);

Department for Infrastructure;

Transport NI

The Department for Regional Development (now Department for Infrastructure) or water undertaker as defined under Article 13 of the Water and Sewerage Services (NI) Order 2006;

Northern Ireland Water (NIW)

Licensed Aerodromes;

Belfast International Airport

George Best Belfast City Airport

Department of Agriculture, Environment and Rural Affairs (DAERA);

Rivers Agency

Department for the Economy; and

The Northern Ireland Housing Executive (NIHE)

It should be noted that the above is not intended to be a definitive list of consultees nor cover all circumstances under which a consultation with a statutory consultee may be carried out. Due to wide range of development proposals submitted to the Council each application will be carefully considered and consultations will be undertaken in line with statutory requirements. The need for consultations will vary between applications depending on the nature and scale of the proposal.

Non statutory Consultation

Not all information required to process an application will be from statutory consultees. There will be instances where non-statutory consultees may need to be consulted on a case by case basis. For example, this could include other sections within the Council with responsibility for matters relating to environmental health. Such consultees may also include other external organisations and bodies.

Non-statutory consultees are not bound by the 21 calendar days for a response; however they will be encouraged to respond to consultations in a similar timeframe and manner to allow decisions to be made in a timely manner.

Due to wide range of development proposals submitted to the Council, each application will be carefully considered and consultations will be undertaken in line with statutory requirements. The need for consultation will vary between applications depending on the nature and scale of the proposal.

Further information on the consultation process is contained in the Department for Infrastructure's Development Management Practice Notice 18 'The Consultation Process and Duty to Respond'. The Practice Note can be viewed on the Planning Portal at: www.planningni.gov.uk.
