Please indicate how you would like your representation to be dealt with at Independent Examination (please select one item only): Please note that the Independent Examiner will be expected to give the same careful consideration to written representations as to those dealt with by oral hearing.

Oral Hearing (Choose this procedure to present your representation orally at the public hearing) Unless you specially request a hearing, the Independent Examiner will proceed on the basis that you are content to have your representation considered in written form only.

Test C1 Comments

The hierarchy of settlements in the RDS allows for sustainable and reasonable growth. The subject lands at Green Road in the ownership of my clients would allow for the growth of Bangor to the west in line with its RDS status.

CE 4 It is reasonably flexible to enable it to deal with changing circumstances?

No

+ ADD TO ANALYSIS

Test CE 4 Comments

The Draft Plan Strategy requires more flexibility to deal with the provision of land for housing. It is not sufficient in SGS 1: Spatial Growth Strategy to say that Bangor will be a focus without allowing for that growth by specific reference to availability of land, suitability of land and proximity to existing development within the currently drawn settlement limit.

+ ADD TO ANALYSIS

If you consider the draft Plan Strategy to be unsound please provide details of changes you suggest to make the draft Plan Strategy sound.

Changes are required to the text of SGS 1: Spatial Growth Strategy to include reference to assessing housing land in a practical and pragmatic way by reference to land being available, being suitable and in close proximity to existing urban areas, in other words sensitive urban extensions must be considered. Also SGS 4: Strategic Housing Allocation requires additional text to say how the Plan will achieve sustainable patterns of residential development across the Borough. Finally in SGS 5: Strategic Housing Allocation across settlements, a greater proportion should be allocated to Bangor given its significance in the Borough. For instance the subject land at Green Road is 15.5ha and could accommodate 380-400 dwelling units at a medium to higher density.
