The Northern Ireland Census 2021 (NISRA) statistics for the Borough area show the religious group the person belongs to or for people with no current religion their religious group of upbringing. People with no current religion and no religion of upbringing are labelled 'None'.

On Census Day 2021 in Northern Ireland just under one person in five (19.0%) either had 'no religion' (17.4%) or 'religion not stated' (1.6%). Nearly one person in three in Ards and North Down (32.1%) had 'no

religion' or 'religion not stated' On census day 2021 bringing together information on current religion and religion of upbringing, 45.7% of the population were either Catholic or brought up as a Catholic, while 43.5% were recorded as 'Protestant and other Christian (including Christian related)'. Again, bringing together information on current religion and religion of upbringing, 1.5% of the population are classified as 'other religions' and 9.3% of the population identified that they neither belonged to nor were brought up in a religion. This points to the increasingly secular nature of the population ('None').

## Marital Status (External)

Statistics classifies people aged 16 and over according to their legal marital or civil partnership status on Census Day 21 March 2021. The law in relation to marriage and civil partnership changed in the ten years to 2021. A summary of the changes in Northern Ireland is given below:

- civil partnership for opposite-sex couples became legal in late 2019;
- marriage for same-sex couples became legal in 2020; and
- in late 2020 a couple in a civil partnership could convert their status from civil partnership to marriage.

The rise in the 'single' population and the fall in the 'married' population here is in line with results from recent censuses in England and Wales. These figures mirror changes in society and specifically in personal relationships that has been witnessed over the last 50 years. Ards & North Down LGD, which has the oldest demographic profile of all 11 LGDs, has the highest percentage of adults who were widowed, at 8%.

<b>Marital Status</b>	<b>Northern Ireland</b>	<b>Ards and North Down</b>

# Appendix - Disability

## Disability (External)

A self-assessment of whether a person has a long-term health problem or disability that limits daily activities and which has lasted, or is expected to last, at least 12 months. It includes problems that are due to old age. The 2021 Census (NIRSA) demonstrates an increase of 15% or more in the percentage of people who reported a long-term health problem or disability which limited day-to-day activities. 41,300 or 25.3% of people in Ards and North Down had a limiting long-term health problem or disability. Ards & North Down experienced an increase of 31.4% from 2011. These changes are in part a reflection of the Boroughs ageing population.

The following statistics show a breakdown in residents in Northern Ireland and Ards and North Down borough with a Disability that is expected to last 12 months or more.

The figures show that 7.2 per cent of the Borough have deafness or partial hearing loss, 68% being over the age of 65. 2% have blindness or partial sight loss, 11% of those people are aged 0-39 years. 1.6 % have mobility or dexterity difficulty that requires the use of a wheelchair, in comparison to Northern Ireland statics this means that 9.3% of all those who have mobility or dexterity difficulty that requires the use of a wheelchair reside in the Borough.

0.8% have an intellectual or learning disability including dyslexia and Downs Syndrome. 1.6% have Autism or Asperger syndrome, 49% are between 0-14 years whilst 40% are aged 15- 39 year. 8.1 % have an emotional, psychological or mental health condition, includes depression and schizophrenia, this is highest in the age ranges of 40 – 64 years (47%). 2% have frequent periods of confusion or memory loss, including Dementia, this is most prevalent with ages 65+. 10% of residents have another condition, for example Cancer, Heart Disease or Diabetes, again this is most prevalent in age 65+. Taken together these results show that policy making must consider Ards and north Down aging population and health and disability issues as well as recognition for those that provide unpaid care throughout the Borough.

# Appendix - Dependants

## Dependants (External)

For the Purposes of S75 a dependant can be classed as Persons with personal responsibility for the care of a child; for the care of a person with a disability; or the care of a dependant older person.

In Census 2021 one person in eight of NI population aged 5 or more (or 222,200 people) noted that they provided unpaid care. One important point to note in Policy making is that 2,600 children aged 5 to 14 in Northern Ireland provide unpaid care.

Ards & North Down LGD had the highest percentage of people who provide unpaid care throughout Northern Ireland , 13.7% estimated at 30,414 residents. 'Unpaid care' covers looking after, giving help or support to anyone because they have long-term physical or mental health conditions or illnesses, or problems related to old age

A dependent child is a person aged 0 to 15 in a household (whether or not in a family) or aged 16 to 18 in full-time education and living in a family with his or her parent(s) or grandparent(s). 'No dependent children' includes households with no children and households where all children are non-dependent.

In Ards and North Down there were 27,822 Children (defined as those aged 0 to 14). Children make up 19.2% of the Northern Ireland population. This percentage varies across the Local Government Districts and is lowest in Ards and North Down where the proportion is 17.0%.

According to Birth statistics on NISRA Ards and North Down recorded 2,854 births between 2020 and 2022 , giving an indication of the numbers using buggies or prams in use.
